About WeCare+

WeCare+ provides a total care service that goes beyond conventional real estate services limited to housing. Our goal is to enhance the quality of life for expatriates living in Vietnam.

We offer services optimized for residential environments, along with a new approach to time and space utilization. Our B2C and B2B sales agent business connects not only apartments and houses, but also commercial real estate tailored to the rapidly growing Vietnamese property market.

With over 15 years of experience in the real estate and hospitality industries across Australia, the United States, and Vietnam, CEO Baik Sungho brings deep expertise to the table.

In particular, his 8-year tenure in sales and customer service at Lotte Center Hanoi has equipped him with a keen understanding of customer needs and the ability to deliver effective solutions that address common pain points in expatriate living.

He is committed to improving the quality of life for expatriates by developing innovative service models that enhance convenience, meet evolving needs, and elevate overall satisfaction in overseas living.
